

Dear Friends

Time goes by so quickly that it's hard to believe this coming fall will mark our second year in business as Synergy!

Bringing Apex, Reservoir and Pendleton Printers together as we did presented challenges in many areas; it is rewarding to see the hard work and dedication of our management team and staff is paying off. Our quality and on-time delivery percentage is over 98% and the word seems to be getting out. In spite of the tough economy, we have been growing in sales with new customers and are finding new ways to service our existing clientele.

Businesses are discovering that Synergy has a lot to offer all under one roof. Aside from traditional offset printing, we have added a Xerox iGen Digital Color press. It is just amazing how productive this machine is! This machine, along with our three Docutech copiers, enables us to deliver the big three that everyone needs these days: High Quality Printing, Fast Turnaround and Truly Better Pricing!

Additionally, we've expanded our capabilities for wide-format printing posters, banners and signage.

We want to personally thank you for continuing to support our company. Without you, none of this would be possible.

As we roll through summer, you can relax knowing that Synergy will be here delivering your projects for you.

The Crew at Synergy...

PS –As a small way of saying thank you for your business, here's \$25. Place an order over \$250 before August 31st and we'll take \$25 off...just mention this letter. (One offer per customer.)
